Dance Masters of America saw a need for a special program, for the serious dancer, to extend their dance training and introduce them to the many avenues in dance. With these ideals and goals, the S.H.I.P. program was developed and has grown tremendously.

S.H.I.P. is

- An educational journey for young emerging dancers ages 13-18.
- A voyage through the classroom, that challenges the dancers technical and artistic expression.
- The pathway to the stage and nurtures the development of resourceful artists of the future.
- Consists of daily Master Classes in many genres of dance.
- During the week students will learn short pieces of choreography showcasing them in several dance forms. This opportunity gives the students a further chance to observe choreographers' work in different forms, which will produce a showcase at the end of the week.
